## WHAT IS ORIENTEERING?

Orienteering is a recreational activity and competitive sport for people of all ages. It involves finding your way through unfamiliar terrain with the aid of a detailed topographical map, using navigational skills and a compass to keep yourself oriented, you are free to select and follow the route you deem to be the best between designated points on a course marked solely by a series of distinctive flags located at each point. Florida Orienteering hosts public events on a monthly basis at one of several Central Florida venues. Everyone is always welcome at F.O. events. Participate individually, or hike with group, instruction for first-timers is always available. No pre-registration required.
